All objections and suggestions, which may be received with respect to clauses (2), (3) and (4) of Rule 7 and to the Rule made under clause (2) of Section 18 of the Regulation before the above date, will be duly considered.

DRAFT RULES (1).

In exercise of the powers conferred upon it by Section 18 of the Mysore Factories Regulation IV of 1892, the Government of Mysore is pleased to prescribe the following rules:—

1. All references to "the Regulation" or "the Factories Regulation" in these rules are to be understood as referring to the Mysore Factories Regulation IV of 1892.
2. A Register of Factories in Form A annexed to these rules shall be maintained by each District Magistrate for all factories other than railway factories within his district and by the Assistant to the Chief Engineer for all railway factories. In these rules the words "registering Inspectors" mean and include these Inspectors only.
3. On the publication of these rules the registering Inspector shall give notice to the manager or occupier of every factory within his jurisdiction intimating his intention of placing such factory upon his Register of Factories (Form A).
4. Any person served with a notice under Rule 3 whose premises do not fall within the definition of a factory given in the Regulation may, within fifteen days of the receipt of such notice, forward to the registering Inspector a statement setting forth his objections to the registration of his premises as a factory. The registering Inspector shall consider and dispose of such objections after making such inquiry as he may deem necessary, and shall make up his Register of Factories in accordance with the provisions of the Regulation.
5. The registering Inspector may at any time serve a notice, as provided in Rule 3, upon the occupier of any factory which is not already entered in his register of factories, and the provisions of Rule 4 shall apply to the subsequent proceedings in all such cases.
6. When any premises cease to be occupied as a factory, the occupier may give notice of the fact to the registering Inspector, who shall, if satisfied that the Regulation is no longer applicable to such premises, remove them from his Register of Factories.
7. It shall be the duty of every occupier of a factory—
 - (1) to fence all machinery and mill-gearing in such a manner as to provide for the safety of the operatives;
 - (2) to provide a supply of not less than two gallons of water *per diem* for each operative; of this one half at least must be suitable for drinking and the remainder for washing purposes;
 - (3) to arrange for the proper ventilation of the factory so that each operative shall have a sufficient quantity of air; in the case of walled-in masonry buildings the *minimum* space provided for each person shall be 36 superficial feet, 500 cubic feet and 10 square feet of lateral ventilating opening, and in cases in which lateral ventilation cannot be contrived, sufficient supply of fresh air shall be ensured by forced ventilation or such other means as are considered suitable by the Inspector, or, if this cannot be effected, a *minimum* of 54 superficial feet and 900 cubic feet shall be provided for each person;
 - (4) to provide suitable and sufficient latrines and urinals, the former containing at least one seat for every 50 operatives, separate accommodation of this nature being provided for female operatives when any are employed;
 - (5) to ensure that the factory is generally in a clean and wholesome condition.
8. Every factory shall be inspected by an Inspector as often as may be deemed sufficient, but it shall be inspected at least three times in every calendar year if the factory is open for more than eight months in the year, at least twice if it is open for not more than eight months in the year, and at least once if it is not open for more than four months in the year. At the inspection the Inspector shall muster all children employed on the premises, examine all registers required to be kept under the Regulation or these rules and see that all orders respecting the secure fencing of machinery and mill-gearing and respecting the water-supply, the ventilation and the sanitation of the factory and the accommodation provided therein are observed and generally that the provisions of the Regulation and the rules made thereunder are being duly carried out.
9. An Inspector may enter a factory for the purpose of Section 4 of the Regulation at any time during the day or night according as work is being carried on therein by day or night, but he shall not examine the children employed therein for the purpose of verifying the registers kept under Section 9 of the Regulation except during working hours.
10. The result of each inspection and all orders and remarks made by the Inspector on the occasion of inspection shall be recorded in the Register of Factories (Form A). When the inspecting officer is not the registering officer, a copy of the record of inspection shall be sent to that officer in view to the insertion of the necessary particulars in the Register of Factories.

11. A copy of every order passed by an Inspector under Section 4 (c) or Section 12 (c) of the Regulation or under these rules in respect of the matters referred to in clauses (b), (c) and (d) of Section 18 (1) of the Regulation and of any remarks made by him on the occasion of each inspection, shall be transmitted to the occupier of the factory, or in his absence to the principal agent in charge of the factory, within twenty-four hours of the same being passed. The despatch through the post, under registered cover, of a copy of such orders and remarks shall be deemed to be sufficient service on the occupier of the factory of any directions contained therein. When the inspection is not performed by the registering Inspector, a copy of any orders or remarks passed should be sent to that officer.

12. Every order for the fencing of any part of the machinery or mill-gearing of a factory which an Inspector may pass under Section 12 (c) of the Regulation and any direction given under these rules with reference to clauses (b), (c) and (d) of Section 18 (1) of the Regulation shall state clearly what is required and shall specify a reasonable time within which what is required to be done shall be completed and shall further give notice that, if it shall not be so completed, the person responsible for the breach of the order will be prosecuted under Section 15 of the Regulation.

13. The occupier of a factory shall, if required by an Inspector, bring before him, on the occasion of inspection, all children employed in the factory and any other persons employed in the factory whom the Inspector may wish to see.

14. Certifying Surgeons under Section 5 of the Regulation shall grant certificates in the Form B appended. Forms of certificate in counterfoil will be supplied to certifying Surgeons.

15. Every occupier of a factory shall keep a file of all certifying Surgeons' certificates relating to persons in his employ and shall produce it when required by an Inspector. Every such certificate shall be returned by such occupier on demand to the parent or guardian of the person to whom it relates on his leaving the factory for other employ.

16. Every occupier of a factory shall keep registers in Forms C, D and E attached to these rules and no such register shall be destroyed or removed from the factory without the written permission of an Inspector.

17. In addition to the notice required by Section 10 (1) of the Regulation, every occupier of a factory shall set up and maintain in a conspicuous place in the factory a printed or written notice, in English and Kannada, in Form F appended, of the daily working hours of the factory. An alternative form is provided to meet the case of factories working on the shift system in which the hours of the shifts are substituted for those of opening and closing work. In factories where the shift system is adopted for a part of the year only, the register will be maintained in either of the alternative forms as may be necessary.

18. Any occupier of a factory on whom an Inspector serves an order under Section 12 (c) of the Regulation may, within seven days after receipt of such order, appeal to the Magistrate of the District.

Appeals from orders passed by District Magistrates in their capacity as *ex-officio* Inspectors shall lie direct to the Government of Mysore. There shall be no further appeal from an order passed by the aforesaid appellate authorities, but the Government of Mysore may review any order mentioned in this rule either of an Inspector or of an appellate authority and may issue any orders thereon which may seem proper. In order that effect may be given to the latter part of this rule, copies of all the orders referred to herein shall be transmitted to the Government of Mysore as soon as they are passed.

19. An appeal under the preceding Rule 18 shall be made in the form of a memorandum of appeal in Form G bearing a stamp fee as regulated by Article 11 of Schedule II of the Court Fees Act and shall be accompanied by a copy of the order appealed against.

20. The appeal shall be heard at as early a date as may be convenient and due notice of the date of hearing shall be given to the appellant and the Inspector.

21. If the order of an Inspector under Section 12 (c) of the Regulation is set aside or modified in appeal, the Inspector shall, as early as possible, deliver to the occupier of the factory such amended order as may seem to him to be required.

22. Notice of all accidents resulting in death or from which the injury is evidently so severe that there is no reasonable hope that the injured person will be able to return to his work within 48 hours, shall be given on the same day on which they occur. Notice of accidents of a less severe character, but which nevertheless prevent the person injured from returning to his work within 48 hours of the occurrence, shall be given immediately on the expiry of the 48 hours' interval allowed by Section 13 of the Regulation. Such notices shall be sent both to the nearest Magistrate having local jurisdiction, and also to the District and Sub-Division Magistrate (where there is such a Sub-Division Magistrate) within whose jurisdiction the factory is situated and also to the registering Inspector. Notice of fatal injuries shall at the same time be given at the nearest Police station as required by Section 45 of the Code of Criminal Procedure, 1832, as introduced into Mysore by Regulation I of 1886. All such notices shall contain full particulars of the accident and shall be sent by special messenger except in the case of the copy to the Inspector which may be sent by post. This notice shall be in Form H appended.

23. A copy of these rules and of the forms appended, with a translation thereof in Kannada, shall be kept hanging in a conspicuous place in each factory.

In continuation of Notification No. 7888—*Mis. 1493, dated 11th January 1897*, the undermentioned papers regarding the election of Fellows of the Calcutta University in January 1898, by graduates of that University living in the mofussil are published for the information of the graduates concerned.

No. 330—338, dated, *Calcutta, the 10th December 1897.*

From H. Lusson, Esq., Deputy Secretary to the Government of India, Home Department, Education, to Local Governments and Administrations (Except Bengal).

Sir,—In continuation of Home Department letter No. 7- Education—356-367, dated 9th December 1896, I am directed to forward for... a copy of the marginally noted letter to the Registrar of the Calcutta University, regarding the election of Fellows of that University to be held in January next. I am to request that instructions may be issued to permit those graduates of the University who are unable to appear in person at the Senate House, Calcutta, on the 1st January 1898, and take part in the election, to fill up their voting papers in the presence of a Magistrate or a Judicial Officer as defined in this Department letter No. 6-Education—173-182, dated the 27th March 1895.

Copy, with copy of enclosure, forwarded to the Foreign Department for information, in continuation of Home Department endorsement No. 7-Education—368, dated 9th December 1896, with the request that similar instructions may be issued to Political Officers in Native States.

By Order,

No. 279, dated Simla, the 22nd October 1897. From—J. P. HEWETT, Esq., C. I. E., Secretary to the Government of India, Home Department, to the Registrar, Calcutta University.

I am directed to acknowledge the receipt of your letter No. 509, dated 10th September 1897, reporting nine vacancies on the Senate caused by death and retirement during the year. You enquire whether there will be an election of Fellows by the Graduates of the Calcutta University in January next, and, if so, what number should be elected and what qualifications should be insisted on in the case of electors and of the candidates.

2. In reply I am to point out that, of the number of vacancies now reported, four * were reported in December 1896 by the Director, Public Instruction, Bengal, demi-officially, and that eight out of the ten then existing vacancies were filled up on 7th January last. There are thus seven vacancies at present, including the five which have occurred since January 1st. I am to say that His Excellency the Chancellor has decided to allow two of the vacancies in the Senate to be filled by election next year. I am to add that candidates for the vacancies must be either Masters or holders of a higher degree in some Faculty, or Bachelors of Arts who graduated before the year 1867; and that the electors must have similar qualifications.

* i.e., those caused by the death of Prince Furrokh Shah and Mr. Manmohan Ghose, and the retirement of Sir E. Buck and Sir W. E. Ward.

The Government of Mysore are pleased to direct that the following additions and alterations be made in paras 26 and 28 of the Rules for the grant of Loans under the Land Improvement Loans Regulation, issued under Notification No. D. 70 A, dated 4th January 1892—

- (1) After the word "payments" in the 2nd line of para 26, add "on or before the 30th June of each year, the first annual payment being made on the 30th June following the period in which the payment falls due."
- (2) At the end of para 26, add "Provided, however, that if default is made in the payment of any instalment as above, interest shall be charged thereon at the rate of 5 per cent as fixed in para 24 above."
- (3) After the word "commence" in line 2, para 28, substitute for the words "at the end" the words "on or before the 30th June following the close."
- (4) In the same para and in lines 9 and 10 substitute for the words "at the end of," "on or before the 30th June following."
- (5) At the end of para 28 add the following proviso:—"Provided, however, that interest on the said loan for the 1st year of such interval, shall be calculated from the date of the grant of the last instalment of the loan up to 30th June following it."
- (6) In the example given in the same para, alter "1st April 1893," "1st April 1894," "1st April 1895" and "1st April 1896" into "on or before the 30th June," and the 1st "Rs. 24" into "20+ interest for additional three months," and the last three "Rs. 24" into "20" throughout.
- (7) In lines 1 and 3 of the sub-para to para 28, substitute for "1st April" "on or before the 30th June," and in line 2, substitute "12-950" for "13-586," and "51-12-10" for "54-5-6."

2. Paras 26 and 28 modified as above will read as follows:—

"26. The loan with interest from the date fixed as per last preceding rule shall be repaid by the borrower by means of fixed annual payments, on or before the 30th June of each year, the 1st annual payment being made on the 30th June following the period in which the payment falls due. The number and amounts of such payments shall be determined by the Deputy Commissioner with reference to the convenience of the applicant and the necessities of the case, but so as not to exceed the maximum limits specified below:—

	Maximum Period.
	Years.
For loans up to Rs 500	10
Do from Rs. 500 to Rs. 1,000	15
Do Rs. 1,000 and upwards	20

If, in any special case, a longer period for repayment is desirable, the special sanction of Government shall be obtained on a full report of the circumstances of the case. Provided, however, that if default is made in the payment of any instalment as above, interest shall be charged thereon at the rate of 5 per cent as fixed in para 24 above."

"28. Repayment of loan by means of annual payments fixed under the last two preceding rules may, if the Deputy Commissioner so directs, commence on or before the 30th June following the close of the 2nd year from the date from which interest is calculable under Rule 25; but, if, in any special case, the Deputy Commissioner considers that the work for which the loan is given is such that a longer time must elapse before it yields a return, a longer interval not exceeding five years in any case may be allowed for the commencement of the repayment. If, under this rule, the Deputy Commissioner allows an interval of two or more years for the commencement of repayment, the annual interest on the whole of the loan shall be paid on or before the 30th June following each year of such interval, excepting the last of such years, on or before the 30th June following which shall be paid the first payment towards repayment. Provided, however, that interest on the said loan for the 1st year of such interval, shall be calculated from the date of the grant of the last instalment of the loan up to 30th June following it.

"*Example*—Suppose the amount of the loan is Rs. 400, and the rate of interest five per cent, and the loan is paid to the borrower in instalments as follows:—Rs. 100 on 1st January 1892, Rs. 100 on 1st February 1892, Rs. 100 on 1st March 1892 and Rs. 100 on 1st April 1892, and suppose also that the Deputy Commissioner allows an interval of five years for the commencement of the repayment, and directs that the repayment shall be in ten years by means of annuities. Then under Rule 25, interest is chargeable on the loan only from 1st April 1892, and the borrower shall pay as interest on the whole loan under Rule 28, for the years of the five years' interval, *excepting the last*, as follows:—

On or before the 30th June 1893	Rs. 20 + interest for additional 3 months.
Do	do	1894 20
Do	do	1895 20
Do	do	1896 20

The repayment will commence on or before the 30th June 1897. The annual payment towards such repayment under Table E will be $4 \times 12.950 = 51.12.10$. The first of such annual payments must be made on or before the 30th June 1897, and the tenth and last annual payment will extinguish the loan on or before the 30th June 1906."
